**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

I. General information

Vietnam Joint Stock Commercial Bank for Industry and Trade (herein referred to as "the Bank") or "VietinBank") is a joint-stock commercial bank incorporated and registered in the Socialist Republic of Vietnam.

The bank was incorporated on the basis of equitizing Vietnam Bank for Industry and Trade, a State-owned commercial bank that was incorporated under the name of the Vietnam Industrial and Commercial Bank in accordance with Decree No. 53/ND-HDBT dated 26 March 1988 of the Council of Ministers on the organization of the State Bank of Vietnam ("the SBV"). The Bank was officially renamed Vietnam Bank for Industry and Trade in accordance with Decision No. 402/CT dated 14 November 1990 granted by the Chairman of the Council of Ministers remodeled to become a State Corporation under Decision No. 285/QD-NH5 dated 21 September 1996 of the Governor of the SBV. On 25 December 2008, Vietnam Bank for Industry and Trade successfully carried out its initial public offering.

On 03 July 2009, the Bank was equitized and renamed Vietnam Joint Stock Commercial Bank for Industry and Trade according to Establishment and Operation License No.142/GP-NHNN date 03 July 2009 on the Establishment and Operation of Joint Stock Commercial Bank (for operation term of 99 years) and Business Registration Certificate No. 0103038874 dated 03 July 2009 issued by Hanoi Department of Planning and Investment. The latest (13th) amended Enterprise Registration Certificate No. 0100111948 was issued by Hanoi Department of Planning and Investment on 08 January 2024. On 17 June 2022, the SBV granted Establishment and Operation License No. 13/GP-NHNN to replace the Establishment and Operation License No. 142/GP-NHNN dated 03 July 2009 and the amending and supplementing decisions relating thereto from 2017 to 2021. On 3 November 2023, the SBV issued Decision No. 2080/QD-NHNN on supplementing of operations on Operation License of Vietnam Joint Stock Commercial Bank for Industry and Trade and on 14 January 2026, the SBV issued Decision No. 47/QD-NHNN on amending the amount of charter capital in the Establishment and Operation License of Vietnam Joint Stock Commercial Bank Industry and Trade.

The Bank was established to carry out banking activities under its Establishment and Operation License and Enterprise Registration Certificate, including receiving demand deposits, term deposits, savings deposits and other types of deposits; credit granting; opening current accounts for customers; providing domestic payment services; opening accounts; organizing internal payment, joining the national interbank payment system; providing cash management, banking and financial advisory services; services of managing, preserving assets, leasing cabinets and safe boxes; participating in the bidding, purchasing and selling of Treasury bills, negotiable instruments, Government bonds, the SBV bills and other valuable papers on the money market; buying and selling Government bonds and corporate bonds; issuing certificates of deposit, promissory notes, treasury bills and bonds to mobilize capital in accordance with the provisions of Law on Credit Institutions, Law on Securities, the Government's regulations and the SBV's guidance; borrowing capital from the SBV in the form of refinancing in accordance with the provisions of the Law on the SBV and the SBV's guidance; having borrowings to/from and deposits at/from other credit institutions, branches of foreign banks, domestic and foreign financial institutions in accordance with the provisions of law and the SBV's guidance; carrying out capital contribution, shares acquisition in accordance with the provisions of law and the SBV's guidance; acting as trustor, trustee, agent in banking-related activities, insurance business, asset management in accordance with the provisions of law and the SBV's guidance; trading and providing foreign exchange services on the domestic and international market within the scope prescribed by the SBV; trading and supplying interest rate derivatives; providing securities depository and gold trading services; e-wallet; supplying commodity price derivatives products; investing in

II. Accounting period, accounting currency

1. Accounting period:

The accounting period for Quarter IV of VietinBank begins 01 October and ends on 31 December.

The accounting year of VietinBank begins on 01 January and ends on 31 December.

2. Accounting currency:

All transactions are recorded in Vietnam Dong (VND). Revenue and expenses in foreign currencies are recorded in VND at the exchange rate on the date of transaction through foreign currency trading.

VietinBank's separate financial statements are presented in VND Million.

III. Adoption of accounting standards and accounting regimes

1. Report on compliance with accounting standards

VietinBank adopts Vietnamese Accounting Standards (VAS) and effective guidance issued by the Ministry of Finance during the fiscal year. The separate financial statements are prepared in accordance with accounting principles and convention accepted in Vietnam, including:

- Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (series 1);
- Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (series 2);
- Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (series 3);
- Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (series 4); and
- Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (series 5).

2. Accounting regimes

VietinBank applies the accounting regime for credit institutions issued by the State Bank of Vietnam (the SBV) and effective in the fiscal year.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

3. Assessment bases used in the preparation of financial statements and significant accounting estimates

- Basis of assumptions: The separate financial statements are prepared in accordance with the Accounting System applicable to Credit Institutions required under Decision No. 479/2004/QD-NHNN dated 29 April 2004 issued by the Governor of the State Bank of Vietnam and effective from 1 January 2005 and amendment and supplement documents on Decision 479; Decision No. 16/2007/QD-NHNN dated 18 April 2007 of the Governor of the State Bank of Vietnam on "Promulgation of the financial reporting regime for credit institutions", Circular No. 49/2014/TT-NHNN amending and supplementing a number of provisions of the financial reporting regime for credit institutions attached with Decision No. 16/2007/QD-NHNN; Circular No. 22/2017/TT-NHNN dated 29 December 2017 amending and supplementing a number of articles of Accounting Accounts System for credit institutions attached Decision No. 479/2004/QD-NHNN dated 29 April 2004 and the financial reporting regime for credit institutions attached with Decision No. 16/2007/QD-NHNN dated 18 April 2007 of the Governor of the State Bank (effective on 1 April 2018); Circular No. 27/2021/TT-NHNN ("Circular 27") amending and supplementing a number of articles of the Accounting Accounts System of credit institutions attached with Decision No. 479/2004/QD-NHNN dated 29 April 2004 ("Decision 479") and the financial reporting regime for credit institutions attached with Decision No. 16/2007/QD-NHNN dated 18 April 2007 ("Decision 16") issued by the SBV.

- Accounting estimates: VietinBank's separate financial statements are presented in accordance with Decision No. 16/2007/QD-NHNN dated 18 April 2007 of the Governor of the State Bank of Vietnam on "Promulgation of financial reporting regime for credit institutions", amending and supplementing documents on Decision 16 and Vietnamese Accounting Standards as stated in point 1 of this section.

4. Applying new accounting guidance

Official Letter No. 4848/NHNN-TCKT dated June 11, 2025 of the SBV on guiding accounting for letter of credit transactions and other business activities related to letters of credit. The official letter guides accounting for letter of credit transactions including: issuance, confirmation, negotiation, reimbursement, entrustment and acceptance of entrustment of letters of credit and outright purchase without recourse of documents under letters of credit issued by other banks.

Decree 135/2025/NĐ-CP ("Decree 135") on financial regimes applicable to credit institutions, branches of foreign bank, and the financial supervision and evaluation of the efficiency of state capital investment in wholly state-owned credit institutions and state-invested credit institutions. Decree 135 takes effect from 1 August, 2025, replacing Decree No. 93/2017/NĐ-CP dated 7 August, 2017 of the Government on financial regimes applicable to credit institutions, branches of foreign bank, and the financial supervision and evaluation of the efficiency of state capital investment in wholly state-owned credit institutions and state-invested credit institutions. Decree 135 regulates in detail the management of capital, assets, revenue, expenditures, and profit distribution of credit institutions. The distribution of profits for credit institutions where the State holds more than 50% to less than 100% of charter capital is specifically regulated, accordingly, the ratio of reserve funds to supplement charter capital is adjusted from 5% to 10% of profit after tax; The maximum rate of deduction for development investment fund is 25% and shall not exceed the charter capital of the credit institution; The financial reserve fund maintains the

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

deduction rate of 10% but adds regulations that the maximum level of this fund must not exceed 25% the charter capital of the credit institution.

IV. Significant accounting policies adopted in VietinBank

1. Foreign currencies

According to the Bank's accounting system, all transactions of the Bank are recorded in original currencies. At the date of the separate financial statements, monetary assets and liabilities denominated in foreign currencies are translated into VND using the average buying and selling spot exchange rates at the close of business at the period-end date if the difference between this rate and the weighted average exchange rate of the same day is less than 1%. Otherwise, the Bank uses the weighted average exchange rate ruling at the period-end date for conversion. The Bank's foreign currency incomes and expenses are converted into VND at the exchange rate on the date of the transaction. Foreign exchange rate differences arising from the translation of monetary assets and liabilities from foreign currencies into VND in the period are recognized in the separate income statement.

2. Cash and cash equivalents

Cash and cash equivalents comprise cash, gold, gemstones, current accounts at the SBV, treasury bills and other short-term valuable papers that are qualified for being discounted at the SBV, current accounts, time deposits with term of three months or less from the deposit date at other credit institutions and securities investment with the original maturity of three months or less from the transaction date.

3. Placements with and loans to other credit institutions

Placements with and loans to other credit institutions are disclosed and presented at their outstanding principal amounts at the end of the reporting period.

The credit risks classification for placements with and loans to other credit institutions and the corresponding provisions shall comply with the provisions of Circular No. 31/2024/TT-NHNN dated 30 September 2024 of the SBV and Decree No. 86/2024/ND-CP dated 11 July 2024. Accordingly, the Bank makes specific provisions for deposits (except for current accounts and placements with Vietnam Bank for Social Policies following the regulations of the SBV on maintaining the balance of deposits at Vietnam Bank for Social Policies of state credit institutions) at other credit institutions, foreign bank branches as prescribed by law and deposits at overseas credit institutions and loans to other credit institutions in a similar way to those loans to customers.

4. Derivatives

4.1. Foreign currency forward and swap contracts

For foreign currency forward and swaps contracts, the difference between equivalent VND amounts of foreign currency buying/selling commitments using the forward exchange rate and the

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

spot exchange rate as at the effective date of the contract is recognized immediately at the effective date of the contract under "Interests and fees receivables" or "Interests and fees payables" item in the separate financial statement. This difference is subsequently allocated to "Net gain/(loss) from foreign currency trading" item over the term of the contract.

At the date of the separate financial statements, commitments of foreign currency forward contracts and swap contracts are revaluated and exchange rate differences arising from revaluation of foreign currency-denominated balances of these contracts are recognized in the separate income statements.

4.2. *Interest rate swap contracts*

Commitment of one-currency-interest-rate swap contracts is presented in items outside individual financial statements. For two-currency-interest-rate swap contracts with nominal principal swap at the beginning of the period, commitments are recognized in the separate statement of financial position. Income and expenses arising from interest rate effects are recorded on accrual basis. For two-currency-interest-rate swap contracts without nominal principal swap at the beginning of the period, commitments are recognized in the separate financial statement at the date of principal exchange. Incomes/expenses arising from interest rate effects are recorded on the accrual basis.

5. Loans to customers

Loans to customers are disclosed and presented at their principal amounts outstanding at the end of the reporting period.

6. Classification of loans and provision for credit losses

6.1. *Classification of loans according to Circular No. 31/2024/TT-NHNN dated 30 September 2024*

According to Circular 31, credit institutions are required to implement loan classification applicable to assets (hereinafter referred to as "debts") including:

- Loans;
- Finance leasing;
- Discounts, rediscounts of negotiable instruments and other valuable papers;
- Factoring;
- Credit facilities in the form of credit card issuance;
- Payment on behalf under off-balance sheet commitments (including payments on behalf of customers' obligations in guarantee activities, letter of credit and other payments under off-balance sheet commitments);
- Amounts for purchase and entrustment to purchase corporate bonds (including bonds issued by other credit institutions) which have not yet been listed on the stock exchanges nor registered for trading on the UPCoM trading system (hereinafter referred to as unlisted bonds), excluding the purchase of unlisted bonds with trusted funds to which the trustee bears the risk;

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

- Credit granting entrustment;
- Deposits (except for demand deposits at credit institutions and foreign bank branches; deposits at Vietnam Bank for Social Policies in accordance with the regulations of the SBV on maintaining the balance of deposits at Vietnam Bank for Social Policies of state credit institutions) at other credit institutions and foreign bank branches as prescribed by law and deposits (except demand deposits) at overseas credit institutions;
- Debt sale and purchase according to the State Bank's the regulations, except for the purchase of bad debts of credit institutions, foreign bank branches and asset management companies of Vietnamese credit institutions;
- Repos of Government bonds in the stock market following the law on issuance, registration, depository, listing and trading of the Government debt securities in the stock market;
- Purchase of certificates of deposit issued by other credit institutions or foreign bank branches;
- Issuance of deferred payment L/Cs containing a provision that the beneficiary is entitled to receive sight payment or advanced payment before the L/C due date, and L/C reimbursement in the form of an agreement with the customer to make payment using the reimbursing bank's funds from the date on which the reimbursing bank pays the beneficiary; L/C payment by negotiation;
- Outright purchase without recourse of sets of documents presented under L/Cs, except where a commercial bank or FBB buys outright a set of documents presented under an L/C which it issued.

Accordingly, customer's loans are determined to be the highest of risk group as classified under Articles 10 and 11 of Circular 31 and customers' highest debt group at credit institutions provided by the Credit Information Center ("CIC") of the SBV at the time of loan classification.

The Bank maintain the debt group for a number of loans in accordance with the provisions of Circular No. 29/2025/TT-NHNN dated 30 July 2025, guiding credit institutions to lend to the agricultural and rural sectors as prescribed in Government's Decree No. 55/2015/NĐ-CP dated 09 June 2015 ("Decree 55") on credit policies for agricultural and rural development; amended and supplemented by Decree No. 116/2018/NĐ-CP dated 07 September 2018 ("Decree 116") and Decree No. 156/2025/NĐ-CP dated 16 June 2025 ("Decree 156"); Circular 02/2023/TT-NHNN dated 23 April 2023 ("Circular 02") and Circular 06/2024/TT-NHNN dated 18 June 2024 ("Circular 06") of the SBV amending and supplementing a number of articles of Circular 02 providing instructions for credit institutions and foreign bank branches on debt rescheduling and debt category maintaining to assist customers in difficulty and documents of the SBV on debt classification and risk provisioning. Circular 53/2024/TT-NHNN ("Circular 53") providing instructions for credit institutions and foreign bank branches on debt rescheduling for borrowers facing difficulties due to impact and damage caused by storm no. 3, floods, landslides in the aftermath of storm no. 3 and Decision 1510/QĐ-TTg ("Decision 1510") on classification of assets, level of provisions for risk, method of provisions for risk and use of provisions to handling risks for debt of customers having difficulties due to the impact and damage of storm no. 3 and other relevant documents of the SBV and the Prime Minister on debt classification and risk provisioning. Loans are classified by risk level as follows: Standard, Special mention, Substandard, Doubtful, and Loss. Loans classified as either Substandard, Doubtful Debt or Loss are considered bad debts.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

Loans are classified by risk level into following groups: Standard, Special mention, Substandard, Doubtful and Loss. Loans classified as either Substandard, Doubtful or Loss are considered as bad debts. Loan classification and provision for credit losses will be made at the end of each month and recognized in the following month. Provision for credit losses as at 31 December is recognized in the consolidated income statement for that period.

Classification of debts for off-balance-sheet commitments

The bank classifies guarantees, letter of credit operations (except for cases prescribed in point N, clause 1, Article 1, Circular 31), payment acceptances, irrevocable loan commitments, and other commitments that incur credit risk (collectively referred to as off-balance sheet commitments) into the groups specified in Articles 9, 10, or 11 of Circular 31.

6.2. Provision for credit losses in accordance with Decree 86/2024/ND-CP dated 11 July 2024

Provision for credit losses

According to Decree 86, the specific provision on 31 December is calculated by subtracting the discounted value of collateral from the outstanding loan balance multiplied by the specific provision rate based on loan classification result on 31 December. The specific provision rate for each category of loan group is prescribed as follows:

Group	Category	Provision rate
1	Standard	0%
2	Special mention	5%
3	Substandard	20%
4	Doubtful	50%
5	Loss	100%

The Bank makes specific provision for debts to customers whose repayment terms of the remaining principal balance are rescheduled as prescribed by this Circular 02 as follows:

- Up to 31 December 2023: by at least 50% of the specific provision to be additionally made; and
- Up to 31 December 2024: 100% of the specific provision to be additionally made.

The Bank makes specific provision for debts to customers whose repayment terms of the remaining principal balance are rescheduled as prescribed by this Circular 53 và Decision 1510 as follows:

- Up to 31 December 2024: by at least 35% of the specific provision to be additionally made;
- Up to 31 December 2025: by at least 70% of the specific provision to be additionally made
- Up to 31 December 2026: 100% of the specific provision to be additionally made.

According to Decree 55 and its amendments, the Bank makes provisions for customers whose debts are restructured and whose debt classification remains unchanged under this policy.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

Following Decree 86, a general provision is made for credit losses which are yet to be identified during the loan classification and specific provisioning process as well as in cases where the Bank encounters potential financial difficulty due to the deterioration in loan quality. Accordingly, the Bank is required to fully make and maintain a general provision at 0.75% of total loan balance which are classified in groups 1 to 4, excluding deposits at domestic credit institutions, foreign bank branches in Vietnam in accordance with law and at overseas credit institutions; loans, termed purchase of valuable papers among credit institutions and foreign bank branches in Vietnam; purchases of promissory notes, bills, certificates of deposit or bonds issued locally by other credit institutions and foreign bank branches; and repurchase agreements of Government bonds in accordance with Decree 86.

Write-off bad debts

In accordance with Decree 86, the Bank must set up Risk Management Committee to write off bad debts if they are classified into Group 5, or if borrowers are customers that are an entity dissolved or bankrupt in accordance with applicable laws; individuals that are dead or have gone missing

Classification of off-balance-sheet commitments

The Bank does not make general and specific provisions for off-balance sheet commitments according to the guidance in Decree 86.

7. Investments

7.1. Trading securities

Trading securities include debt securities, equity securities and other securities that the Bank has bought and had the intention to sell in near future to gain benefits from the price differences. Trading securities are recognized at cost at the date of transaction and subsequently recorded at cost during the holding period. Interest and cash dividends derived from trading securities are recognized on cash basis in the separate income statement.

These securities are subject to impairment review at the date of the separate financial statements. Provisions for securities that are stipulated in the scope of Circular 31 are made in accordance with Decree 86 (as described in the summary of significant accounting policies for "Provision for credit risk"). Provisions for impairment of securities that are not stipulated in the scope of Circular 31 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recognized in the separate income statement as "Net gain/(loss) from trading securities".

7.2. Investment securities

Available-for-sale investment securities

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

Available-for-sale investment securities include debt securities and equity securities that the Bank holds for investment and available-for-sale purposes, not frequently traded but can be sold when there is a benefit. For equity securities, the Bank is neither the founding shareholder nor the strategic partner of the enterprise receiving the investment.

Equity securities are recognized at cost at the transaction date and subsequently recorded at cost during the holding period.

Debt securities are initially recognized at par value at the transaction date. Accrued interest before the acquisition date (for debt securities with interest payment in arrears) or interest income received upfront awaiting amortization (for debt securities with interest payment in advance) is recorded in a separate account. Any discount/premium, which is the negative/positive difference between the cost and the amount equal to par value plus (+) accrued interest before the acquisition date (if any) or minus (-) interest received upfront awaiting amortization (if any), is also recognized in a separate account.

During the term of those securities in subsequent period, these securities are recorded at par value and the discount/premium (if any) is amortized into the separate income statement using the straight-line method over the estimate remaining term of the securities. The interest received during securities term is recorded as follows: accumulative interest income before the purchasing date is recorded as a decrease from the cost of such securities and the same amount is credited into the accrued interest income; and accumulative interest income after purchasing date is recognized as Bank's income on an accrual basis. Interest received in advances is recorded as income from securities investment using the straight-line method over the period of securities investment.

Periodically, available-for-sale securities are subject to impairment review. Provisions for securities that are stipulated in the scope of Circular 31 (as described in the summary of significant accounting policies for "Provision for credit risk") are made in accordance with Decree 86. Provisions for impairment of securities that are not stipulated in the scope of Circular 31 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recognized in the separate income statement as "Net gain/(loss) from investment securities".

Held-to-maturity investment securities

Held-to-maturity investment securities are debt securities that the Bank purchases for investment purposes to gain interest and the Bank has the intention and capacity to hold the securities until maturity. Held-to-maturity securities have determinable value and fixed maturity dates. In case of being sold maturity, they will be classified as trading securities or available-for-sale securities. Held-to-maturity investment securities are recognized similarly to available-for-sale debt securities.

Periodically, held-to-maturity investment securities held are subject to impairment review. Provisions for securities falling within the scope of Circular 31 (as described in the summary of significant accounting policies for "Provision for credit risk") are made in accordance with Decree

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

86. Provisions for impairment of securities that are not fallen within the scope of Circular 31 are made when their carrying values are higher than their market values determined in accordance with prevailing accounting regulations. Provision for impairment is recognized in the separate income statement as "Net gain/(loss) from investment securities".

Reclassification

According to Official Letter No. 2601/NHNN-TCKT dated 14 April 2009 by the SBV, reclassification after transaction date is made only once for each item of investment securities. In special cases or in case a large number of securities have to be reclassified (greater than or equal to 50% of the total value of the portfolio), the Bank will disclose the effect of the reclassification on total assets, liabilities, equity, income and expenses of the Bank in the separate financial statements.

7.3. Investments to subsidiaries

Investments in subsidiaries over which the Bank has control are carried at cost in the separate financial statements. Distributions from accumulated net profits of subsidiaries arising subsequently to the acquisition date are recognized in the separate income statement for the period. Distributions from other sources are considered recovery of the investments and are deducted from the cost of the investment.

7.4. Investment in joint ventures

Investments in a joint venture is a contractual agreement whereby the Bank and other parties undertake an economic activity that is subject to joint control, i.e. that strategic financial and operating policy relating to the activities of the joint ventures require the unanimous consent of the parties sharing control.

The Bank's contributed capital in joint venture is carried at cost in the separate financial statements. Accordingly, the Bank's contributed capital is initially recorded at cost. Distributions from accumulated net profits of the joint venture arising subsequently to the date of acquisition are recognized in the separate income statement for the period. Distributions from other sources are considered recovery of investments and are deducted from the cost of the investments.

7.5. Other long-term investments

Other long-term investments represent capital investments in other enterprises at which the Bank owns less than 11% of voting rights and is a founding shareholder; or strategic partners; or have a certain influence on the process of initiating and approving financial and operating policies of the investees. These investments are initially recognized at cost at transaction date and always carried at cost during the subsequent holding period.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

7.6. Provision for impairment of capital contribution, long-term investments

Provisions for impairment of investments in capital contribution and long-term investments are made when the investee is operating at loss according to prevailing accounting regulations. Provision for impairment of capital contributions and long-term investments is recognized as an operating expense in the separate income statement. In case an investment is made in a listed shares or the fair value of an investment is reliably determined, provision is made based on the market value of the stock (similar to the provision for impairment of trading securities).

7.7. Recognition

The Bank recognizes investment securities and other investments at the date the Bank performs the contractual terms (transaction-date based policy). Investment securities and other investments are initially recognized at cost. After initial recognition, investment securities and other investments are recognized under the above accounting policies.

7.8. Derecognition

Investments securities and other investments are derecognized when the rights to receive cash flows from investments end or when the Bank transfers to the buyer the significant risks and rewards associated with the ownership of these investments.

8. Repurchase and Reverse Repurchase Agreement

Securities sold under agreements to be repurchased at a specific date in the future are recorded in their separate financial statements. The corresponding cash received from these agreements is recognized in the separate financial statement as a borrowing and the difference between the sale price and the repurchase price is allocated into the income separate statement over the agreement validity period using the straight-line manner based on the contractual interest rate.

Securities that are purchased under agreements to be resold at a specific date in the future are not recognized in the separate financial statements. The corresponding cash paid under these agreements is recognized in a separate statement of financial position as a loan and the difference between the purchase price and the resale price is allocated into the separate income statement over the agreement validity period using the straight-line manner based on the contractual interest rate.

9. Trust activities and trusted funds

The value of trusted funds is recorded when the trust contract has been signed and the trusted funds have been realized. Rights and obligations of the trustor and the trustee relating to profit and profit sharing, trust fees and other rights and obligations are compliant with the terms of signed contract. The assets that held under custody services are not considered assets of the Bank and therefore, they are not recognized in the separate statement of financial position of the Bank.

10. Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. The cost of tangible fixed assets comprises all the Bank 's purchase price plus any directly attributable costs of bringing the asset to working conditions for its intended use

Costs related to additions and improvements are capitalized and expenditures for maintenance and repairs are charged to the separate income statement when incurred. When assets are sold or disposed, their cost and accumulated depreciation are written off from the separate statement of financial position and any gains/losses resulting from their disposals are recorded in the separate income statement.

11. Intangible fixed assets

Tangible fixed assets are stated at cost less accumulated amortization. The cost of intangible fixed assets comprises all the Bank 's expenditures paid to acquire the asset until it put into use.

Expenditures for improvements of intangible assets are capitalized. The expenditures related to intangible assets incurred after initial recognition and evaluated with certainty, increasing the economic benefits of the intangible assets compared to the initial activity level, are capitalized. Other expenditures related to intangible fixed assets incurred after initial recognition are charged to the separate income statement. When intangible assets are sold or disposed, their cost and accumulated amortization are written off and any gains or losses resulting from their disposals are recorded in the separate income statement.

12. Leasing

A lease is classified as a finance lease when significant rights and risks relating to ownership of the leased item are transferred to the lessee. All leases other than finance leases are classified as operating leases.

Operating lease assets are recognized off the separate statement of financial position. Rentals under operating leases are recorded in "Operating expenses" on a straight-line basis over the lease term

13. Depreciation and amortization

Depreciation and amortization of tangible fixed assets and intangible assets are calculated on a straight-line basis over the estimated useful lives of the assets as follows:

<u>Assets</u>	<u>Estimated useful life (years)</u>
Buildings and structures	05 - 40
Machinery and equipment	03 - 07
Motor vehicles and transmission equipment	06 - 07
Management tools, equipment and other tangible fixed assets	03 - 06

VIETNAM JOINT STOCK COMMERCIAL BANK**FOR INDUSTRY AND TRADE****NOTES TO THE SEPARATE FINANCIAL STATEMENTS***As at 31 December 2025 and for the period then ended***Form: B05a/TCTD**

Computer software and other intangible assets

02 - 05

Land use rights are not amortized if they are granted by the Government of Vietnam for an indefinite term. Land use rights with definite term are amortized over the granted term.

14. Prepaid expenses

Prepaid expenses include actual expenses that have arisen but are related to the results of production and business activities of many accounting periods. Prepaid expenses comprise prepaid office rentals and other prepaid expenses.

Office rentals represent the office rental paid in advance. Prepaid office rental is allocated to the separate income statement using the straight-line method over the rental period.

Other prepaid expenses include repair, maintenance costs for assets, costs of tools and supplies issued for consumption prepaid service charges and other prepaid expenses, which are expected to provide future economic benefits to the Bank. These expenses are capitalized as prepaid expenses and are allocated to the separate income statement.

15. Receivables

Receivables other than those from credit activities in the Bank's operation are initially recognized at cost and subsequently recorded at cost. Other receivables are subject to impairment review based on the overdue status of the outstanding receivables or based on the expected loss for the following cases: institutional debtors who have fallen into bankruptcy or have been in the process of dissolution; or individual debtors who are missing, escaping, prosecuted, on trial or passed away even though receivables are not overdue. Provision expense incurred is recorded as "Operating expenses" in the separate income statement during the period.

Provision rates for doubtful receivables are applied in accordance with the prevailing accounting regulations.

16. Other provisions

Other provisions are recognized when the Bank has a present obligation as a result of a past event, and it is probable that the Bank will be required to settle that obligation. Other provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the end of the accounting period.

17. Capital and reserves**17.1. Common shares**

Common shares are classified as owners' equity.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

17.2. Share premium

When capital is received from shareholders, the difference between selling price and par value is recorded as share premium in owners' equity. Incurred expenses that directly relate to the issuance of common shares are recognized as a decrease in share premium.

17.3. Treasury shares

When issued shares are repurchased, the aggregate amount paid, including expenses that directly relate to the repurchase of shares, after deducting taxes, is recorded as treasury shares and stated as a decrease in owners' equity.

17.4. Reserves

The bank makes provisions for funds as a percentage of profit after tax in accordance with Law on Credit Institutions No. 32/2024/QH15 and Decree 135/2025/NĐ-CP dated 12 June 2025. Accordingly, Reserves are used for specific purposes and are appropriated from the Bank's profit after tax based on the regulated ratios in the following sequence:

- Supplementary charter capital reserve: 10% of profit after tax but not exceeding the Bank's charter capital;
- Financial reserve fund: 10% of profit after tax;
- Development investment fund: Appropriation of up to 25%; the fund balance shall not exceed the charter capital of the credit institution;
- Bonus fund for the Board of Management, bonus and welfare funds for employees shall comply with the Government's regulations on labor, salaries, on labor, salaries, remuneration, and bonuses applicable to enterprises with state ownership of more than 50% to less than 100% of charter capital;

18. Revenue and expenses

18.1. Interest and similar income/expenses

Interest income and interest expenses are recognized in the separate income statement on the accrual basis. The accrued interest income arising from the loans that are classified from group 2 to group 5 in accordance with Circular 31, accrued interest income on loans restructured and maintained as Standard loan groups (group 1) as prescribed in Circular 02/2023, Circular 06/2024, Circular 53/2024 and Decree 55 will not be recognized in the separate income statement. Accrued interest income on such loans is recorded as an off-balance-sheet item and is recognized in the separate income statement upon actual receipt.

Income from interest on securities investments are recorded on the accrual basis. Accrued interest income of securities that are fallen within the scope of Circular 31 and classified from group 2 upwards is not recognized in the separate income statement for the period. These accruals are recorded as off-balance-sheet items and are only recognized in the separate income statement upon actual receipt.

Income from service charges and commissions

Income from service charges and commissions is recognized on the accrual basis.

18.2. Income from guarantee and L/C commitment activities

Income from guarantee and L/C commitment activities is recognized on the accrual and allocation bases.

18.3. Recognition of dividends and profits received

Cash dividends and profits received from investment and capital contributions activities are recorded in the separate income statement when the Bank's right to receive dividends and profits has been established. Share dividends, which are distributed from profits of joint stock companies, are recognized neither as an increase in the value of received shares nor financial income in the separate financial statements but are only used for tracking the increase in the number of shares according to Circular No. 200/2014/TT-BTC dated 22 December 2014 issued by the Ministry of Finance.

18.4. Revenue from other services

When the contract results can be determined reliably, revenue will be recognized based on the level of work completion. If the contract results cannot be determined reliably, revenue will only be recognized at the recoverable level of the recorded expenses.

18.5. Recognition of uncollectible receivables

According to Circular No. 16/2018/TT-BTC dated 07 February 2018 ("Circular 16") issued by the Ministry of Finance, receivables recognized as accrued income but subsequently assessed to be not recoverable or not yet recoverable at the due date are recorded, the Bank records a reduction in revenue if it is within the same financial year or records it as an expense if it is in a different financial year, and tracks it off-balance sheet to ensure collection. Upon actual receipt of these receivables, the Bank recognizes them as income according to the nature of the income in the separate income statement.

19. Taxation

Corporate income tax expense represents the sum of the current corporate income tax expense and deferred tax.

The current corporate income tax expense is based on taxable profit for the period. Taxable profit differs from profit before tax as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other periods (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognized on temporary differences between carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases. Deferred tax

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

Form: B05a/TCTD

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

liabilities are generally recognized for all taxable temporary differences unless, they occurred from the initial recognition of an asset or liability of a transaction which has no impact on accounting profit or taxable profit/(loss) at the transaction date. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilized.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realized. Deferred tax is charged or credited to the consolidated income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to corporate income taxes levied by the same tax authority and the Bank intends to settle its current tax assets and liabilities on a net basis.

The determination of the current corporate income tax expense is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

20. Employee benefits

20.1. Post-employment benefits

Post-employment benefits are paid to retired employees of the Bank in Vietnam by the Social Insurance Agency under the Ministry of Finance. The Bank in Vietnam are required to contribute to these post-employment benefits by paying social insurance premium to the Social Insurance Agency at the rate of 17.5% of the employee's monthly basic salary for their working period. In addition, the Bank shall pay a subsidy of 02 months of additional salary based on job positions with the average key performance indicator ("KPI") of the six consecutive months before retirement.

20.2. Severance allowance

According to Article 46 of Labour Code No. 45/2019/QH14 effective from 01 January 2021, the Bank in Vietnam are responsible to pay severance allowance for employees who have regularly been working at the Bank for 12 months or more, with half-month salary allowance for each working year (clauses 1, 2, 3, 4, 6, 7, 9 and 10 of Article 34 of the Labor Code), except for those who are eligible for receiving pension under the provisions of the law on social insurance and those as specified at Point e, Clause 1, Article 36 of the Labor Code 2019.

The working period used for calculation of severance allowance excludes the period that employees benefit from unemployment insurance in accordance with regulations and the working period that employees have received severance allowance and retrenchment benefits from employers. The salary as the basis for calculation of severance allowance shall be the average

Form: B05a/TCTD

salary of the last 06 months under the employment contract before the termination of labor contract.

20.3. *Unemployment insurance*

According to Circular No. 28/2015/TT-BLDTBXH dated 31 July 2015 ("Circular 28") of the Ministry of Labor - War Invalids and Social Affairs guiding the implementation of Article 52 of the Employment Law 2013 and Decree No. 28/2015/NĐ-CP of the Government dated 12 March 2015 regulating the implementation of the Employment Law on unemployment insurance, from 01 January 2009, the Bank is obliged to pay unemployment insurance to eligible employees at 1% of their salary fund allocated for unemployment insurance.

21. Related parties

The parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making decisions on financial and operating policies. A party is considered as a related party with the Bank if:

- (a) Directly or indirectly through one or more intermediaries, the party:
 - Controls, or is controlled by, or is under common control by the Bank (including the holding company and its subsidiaries);
 - Contributes capital to the Bank and therefore has significant influence over the Bank;
 - Has joint control over the Bank.
- (b) The party is a joint venture or an associate of which the Bank is a venturer or an investor;
- (c) The party has a key management personnel who is also a member of the Board of Directors, Board of Management, and Board of Supervisors of the Bank;
- (d) The party is a close member of the family of any individual referred to in (a) or (c);
- (e) The party is an entity that is, directly or indirectly controlled, jointly controlled or significantly influenced by, or of which, significant voting power in such entity resides with, any individual referred to in (c) or (d).

22. Offsetting

Financial assets and financial liabilities are offset and the net amounts are reported in the separate statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Other taxes	139,803	1,321,486	1,317,239	144,050
	3,505,525	10,371,057	9,391,594	4,484,988

The Bank is obliged to pay corporate income tax of 20% of the total taxable profit.

The Bank's tax reports are subject to examination by the tax authorities. Due to the application of laws and tax regulations to various types of transactions that can be interpreted in different ways, the tax amounts presented in the financial statements may be subject to change based on the final decision of the tax authorities.

Current corporate income tax

Current corporate income tax payable is determined based on the taxable income of the current year. Taxable income differs from the income reported in the separate income statement because taxable income does not include income items that are taxable or deductible in different years due to differences between the bank's accounting policies and current tax regulations, and also does not include items that are non-taxable or non-deductible for tax purposes. The bank's current corporate income tax payable is calculated at the tax rates enacted by the end of the financial year.

23. CONCENTRATION OF ASSETS, LIABILITIES AND OFF-BALANCE SHEET ITEMS BY GEOGRAPHIC REGION

	<i>Total loan balance</i>	<i>Total deposits</i>	<i>Credit commitments</i>	<i>Derivative financial instruments (Difference between debit - credit)</i>	<i>Trading and investment securities</i>
Domestic	1,985,407,062	2,322,775,588	267,020,369	228,448	209,087,755
Overseas	5,168,515	981,588	14,618	-	-
Total	1,990,575,577	2,323,757,176	267,034,987	228,448	209,087,755

24. EXPLANATION FOR THE FLUCTUATION OF SEPARATED PROFIT

The separated profit after corporate income tax of VietinBank in Q4/2025 increased by 1.502 billion VND (equivalent to 16.1%) compared to the same period in 2024, primarily due to an increase in profit before tax of 1.978 billion VND (equivalent to 17%) over the same period, specifically:

Major fluctuation items	Impact	
	Absolute value billion VND	Relative value %
Increase in net interest income	1,667	14.3%
Increase in net profit from services	(2,176)	(18.7)%
Decrease in provision expenses for credit losses	2,037	17.5%
Total	1,528	13.1%

Explanation:

Increase in net interest income: mainly due to efforts for further expansion (outstanding loans as of 31/12/2025 grew nearly 15.6% compared to the same period). Leveraging its role as a leading commercial bank in capital supply for the economy, the Bank continued to implement credit packages and preferential interest rate programs to support individuals and businesses, effectively balancing capital, promoting CASA growth and short-term funding to optimize capital mobilization costs.

Increase in net profit from services: due to the Bank's proactive investment in digital transformation, other direct business activities, service quality improvement, promotional events, development, expansion, and enhancement of customer experience, as well as the Bank's brand image and market position.

Decrease in provision expenses for credit losses: due to the Bank's improved loan quality (the non-performing loan ratio is at 1.10%, down from 1.22% in the same period last year). In addition,

VIETNAM JOINT STOCK COMMERCIAL BANK**FOR INDUSTRY AND TRADE****NOTES TO THE SEPARATE FINANCIAL STATEMENTS***As at 31 December 2025 and for the period then ended***Form: B05a/TCTD**

the Bank proactively identifies risks and classifies loans according to the risk level of each customer, making full provisions for credit risk in accordance with the regulations of the State Bank of Vietnam to proactively manage debt, aiming to increase the non-performing loan coverage ratio, enhance financial capacity, and improve resilience against potential economic risks.

VIII. FINANCIAL RISK MANAGEMENT**25. RISK MANAGEMENT POLICIES RELATED TO FINANCIAL INSTRUMENTS**

Under the guidance of the SBV on enhancing the role of risk management in credit institutions, the Bank continues implementing risk management policies for its entire business.

In order to achieve sustainable development, improve operational efficiency and competitive advantage, the Bank has always been one of the pioneers in researching and applying international practices to its governance. In particular, the Bank met requirements of the SBV in accordance with Basel II with the standards of risk management, capital management, information disclosure, and has focused on internal and enhancing calculation method according to Basel II. The application of advanced practices in risk management is a prerequisite for the integration and expansion of the Bank's influence in the global financial banking industry. The Bank has always played a pioneering role in modernizing the banking system.

In 2025, the Bank proactively continued pro studying and implementingsolutions in order to comprehensively enhance the management of all types of risks. Moreover, the Bank has continued to complete its policy system in five (5) levels, namely: (i) General policy regime, (ii) Detailed policies, (iii) Guidance documents on policies, (iv) General processes, and (v) Detailed processes for each product in order to ensure consistency and overall effectiveness of the policy system.

To manage risk related to financial instruments, the Bank has issued regulations, procedures, detailed guidance, sets of indicators and internal limits as well as strictly managed the balance between assets and liabilities, tightly controlled business activities' growth and credit quality; complied with limits and safety ratios for operation; requirements for risk management as stipulated in Circular No. 22/2019/TT-NHNN, Circular No. 41/2016/TT-NHNN, Circular No. 13/2018/TT-NHNN and amendments and supplements of the SBV and the regulatory authorities; which has gradually met requirements for risk management.

The Bank's financial instruments are detailed in the table below:

Form: B05a/TCTD

26. MARKET RISK MANAGEMENT POLICY

25.1. Interest rate risk

Interest rate risk is the possibility of the Bank's income or asset value being affected when market interest rate fluctuates.

Interest rate risk of the Bank can derive from investment activities, capital mobilization and lending activities.

The re-pricing period for effective interest rate is the remaining period from the date of separate financial statements to the nearest interest rate re-pricing term of assets and capital. The following assumptions and conditions have been adopted in the analysis of the re-pricing period of the Bank's assets and liabilities:

- Cash, gold and gemstones; balances with the SBV; fixed assets and capital contribution, long-term investments and other liabilities are classified as non-interest-bearing items;
- The maturity of trading securities is calculated on the basis of the probable time to convert bonds into cash because this portfolio includes highly liquid bonds with fixed interest rates;
- The effective interest rate re-pricing term of placements with and loans to other credit institutions; derivative financial instruments and other financial assets; investment securities; loans to customers; other assets; borrowings from the Government and the SBV; deposits and borrowings from other credit institutions; deposits from customers; valuable papers issued; grants, trusted funds and borrowings where the Bank bears risks are determined as follows:
 - Items with fixed interest rate during the contractual period: the effective interest rate re-pricing term is determined from the reporting date to maturity date;
 - Items with floating interest rate: the effective interest rate re-pricing term is determined from the reporting date to the nearest interest rate re-pricing date;
 - Accrued income, accrued expenses: Classified as non-interest-bearing items.

The Bank's interest rate risk policies

For interbank lending activities (short-term), investment interest rate is based on the fluctuation of the market and the Bank's cost of capital. The interbank loans are usually short-term (of less than 3 months).

Based on forecasts on the market fluctuations of interest rate and its capital balancing ability, the Bank will make appropriate investment decisions. In case that interest rates are forecasted to go down, the Bank will strengthen long-term investments to increase profitability. In contrast, if interest rates are forecasted to go up, the Bank will increase short-term investments.

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS

As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

For capital mobilization activities, interest rates are determined based on the market price, the business orientation of the Bank's management, the Bank's capital balance and regulations of the SBV. The Bank's mobilized capital mainly has a short interest rate re-pricing term.

For lending activities, the Bank determines lending interest rates based on the principle of sufficient coverage for cost of capital, management expenses, risk considerations, collaterals' values and market interest rate to ensure the Bank's competitiveness as well as the efficiency. The Head Office regulates the lending interest rate floor for each period; branches can decide lending interest rates of each customer for each period based on credit risk analysis and assessment provided that these rates are not below the regulated floor rate and the annual budgeted profit is assured. Besides, due to the capital structure mainly comprising funds with short interest rate re-pricing terms, the Bank requires that all long-term and medium-term loans' interest must be floating (interest rates are not fixed during the whole loans' periods) to minimize possible arising interest rate risk.

Interest rate risk management

The Bank manages interest rate risk at 2 levels: transaction level and portfolio level, in which the former is more focused.

Interest rate risk management at the portfolio level

- The Bank has issued regulations and procedures for managing interest rate risk on the banking book, which stipulate the principles for managing interest rate risk on the banking book through the process of identification, measurement, control and monitoring of risk to ensure the balance between the interest rate risk control/prevention goal and the maximization of net interest income as well as the economic value of equity in the business operations of the Bank.

- To manage risk related to financial instruments, the Bank has issued regulations, procedures, detailed guidance, sets of indicators and internal limits as well as strictly managed the balance between assets and liabilities, tightly controlled business activities' growth and credit quality; complied with limitations and safety ratios for operation; requirements for risk management as stipulated in Circular No. 22/2019/TT-NHNN, Circular No. 41/2016/TT-NHNN, Circular No. 13/2018/TT-NHNN and amendments and supplements of the SBV and the regulatory authorities; which has gradually met requirements for risk management.

- The Bank adjusts the re-pricing term of loans to the re-pricing term of capital, ensuring the re-evaluation term difference is within the permitted limit.

Interest rate risk management at the transaction level

- All credit contracts are required to include terms relating to interest rate risk hedging provisions to ensure that the Bank can take initiative in coping with fluctuations of the market; lending interest rate must be set to accurately reflect the Bank's actual cost of capital.

- Management through the Fund Transfer Pricing (FTP) tool: the Bank has completed and continuously improves the internal Fund Transfer Pricing system (FTP), which has enhanced the Bank's centralized management of capital and interest rate. Depending on the Bank's business orientation and the market movements, the Head Office can change the interest rate spread for each type of customers or products, etc., giving signals for the business units to determine their lending/capital mobilization rates.

VIETNAM JOINT STOCK COMMERCIAL BANK**FOR INDUSTRY AND TRADE****NOTES TO THE SEPARATE FINANCIAL STATEMENTS***As at 31 December 2025 and for the period then ended***Form: B05a/TCTD****25.2 Liquidity risk management**

Liquidity risk is defined as the risk that the Bank has difficulties in meeting obligations associated with its financial liabilities. Liquidity risk arises when the Bank might be unable to meet its payment obligations at their due dates under normal or difficult scenarios or when the Bank has to mobilize funds at a higher cost to meet its payment obligations.

The Bank had issued regulations and procedures on liquidity management, including rules about managing liquidity gap through maturity, liquidity risk ratios, stress test scenarios and backup plans to proactively take measures when facing market volatility. To minimize liquidity risk, the Bank plans to diversify its funding sources, develops a fund management report system to calculate liquidity position on a daily basis, as well as prepares analysis and forecast report on future liquidity positions on a regular basis, setting liquidity risk appetite and capacity.

At monthly ALCO Council meetings, fund balance and liquidity of the Bank is one of the key contents to be discussed. At Risk Management Committee, Risk Council meetings, the compliance with liquidity risk appetite and risk capacity is also reviewed and reported. Based on analysis and evaluation, Risk Management Committee/ALCO Council/Risk Council make recommendations to the Board of Directors and the Board of Management for future guidance to maintain the Bank's solvency in a safe and effective way.

In addition, the Bank also maintains a list of secondary liquid assets such as the Government bonds, which may be sold or under repurchased contracts with the SBV. It is not only a secondary reserve in liquidity stress circumstances (if any) but also a profitable investment.

The maturity of assets and liabilities represents the remaining time from the reporting date of the separate financial statements until the payment date regulated in the contract or terms of issuance.

The following assumptions and conditions have been adopted in the analysis of the Bank's maturity relating to its assets and liabilities:

- Cash, gold, silver and gemstones and balances with the SBV are classified into maturity up to one month;
- The maturity of placements and balances with and loans to other credit institutions; loans to customers; investment securities; borrowings from the Government and the SBV; deposits and borrowings from other credit institutions; valuable papers issued; grants, trusted funds and borrowings where the Bank bears risks: The maturity is calculated on the basis of due date according to the contract
- The maturity of trading securities is calculated on the basis of the probable time to convert bonds into cash because this portfolio includes highly liquid bonds;

**VIETNAM JOINT STOCK COMMERCIAL BANK
FOR INDUSTRY AND TRADE**

NOTES TO THE SEPARATE FINANCIAL STATEMENTS
As at 31 December 2025 and for the period then ended

Form: B05a/TCTD

- The maturity of customer deposits is calculated on the basis of analysis of customer behavior and forecasts of interest rate policies and macroeconomic factors;
- The maturity date of capital contribution, long-term investments is classified as over five (05) years as these investments have no defined maturity;

The maturity date of fixed assets is classified as over five (05) years

Based on the Board of Management's approval of the annual business plan, the Asset & Liability Management Department and the Financial Planning & Management Department in cooperation with some other relevant specialized departments makes analysis and forecasts on cash inflows/outflows of the system according to the approved plan; and also based on the actual daily capital fluctuations and utilization, the Bank makes decisions on appropriate management and monitoring of available funds.

Based on the projection of available capital, the Asset & Liability Management Department and the Financial Planning & Management Department in cooperation with the Treasury Dealing Department manage the secondary reserve through the approval of highly liquid valuable papers purchases, which could be converted into cash on the secondary market. The Asset & Liability Management Department together with the Financial Planning & Management Department in cooperation with the Treasury Dealing Department may decide to sell valuable papers to the SBV on the open market, or to refinance loans when working capital is insufficient, ensuring the liquidity of the whole system.

Based on the SBV's regulations, the Asset & Liability Management Department and the Financial Planning & Management Department in cooperation with the Treasury Dealing Department proposes the Bank's available fund management plan, ensuring the actual average balance of deposits in VND and foreign currencies at the SBV is not below the required level of compulsory reserve. Besides, the Bank also establishes credit limit with other banks and other credit institutions for mutual support when needed. The Market Risk Management Department acts as an independent supervisor to ensure that the liquidity risks are managed in compliance with regulations, management processes, and liquidity risk appetite/capacity of the Bank.

The amount of available funds is determined based on data from the Core Sunshine system, interbank payment program CITAD, Asset-Liability Management software, information about large cash flows from business units. Therefore, the Bank can actively manage its daily liquidity risk.

The Bank's liquidity risk management activities are monitored strictly in compliance with the regulations of the SBV and the Bank's internal criteria for liquidity management for each major currency (such as VND, USD, EUR) for capital mobilization and loan portfolios.

25.3. Currency risk

Currency risk is the risk that the Bank's asset or value of an investment fluctuates due to changes in foreign exchange rates.

The Bank was incorporated and operates in Vietnam and its reporting currency is VND. The Bank's main transaction currency is VND, while a part of the Bank's asset-equity is in foreign currencies (USD, EUR, etc.). Thus, currency risk may arise.

To prevent the risk of exchange rate fluctuations, the Bank has synchronously applied the following measures:

Based on actual data collected, take into account the growth demand of affiliates and business orientations, the Asset – Liability Management (“ALM”) Department and the Financial Planning & Management Department analyse, provide projections on cash inflows/outflows and propose the capital planning for each currency type (in VND, USD, and EUR equivalent) to the Management Board, which is managed based on actual daily cash flows to ensure operational safety and effectiveness of the whole system.

The Bank's capital mobilization and lending activities are mainly in VND, with a small portion in USD, EUR, and other foreign currencies. According to the business plan of each period, the Bank has a currency position in its capital trading activities when conducting financial transactions in the market. The Bank sets position limits for USD and other foreign currencies converted to USD based on the Bank's internal risk appetite and relevant regulatory authorities' regulations. The Treasury Department at the Head Office centrally manages the foreign currency position at the Head Office.

Currency positions are managed on a daily basis and hedging strategies are used by the Bank to ensure that the positions of currencies are maintained within the established limits.
